CP 207/207L/276A Issued in Error

Taxpayers and practitioners report receipt of notices CP 207, 207L and 276A, dated March 9, 2009 (Cycle 200908), asking them to please submit Form 941 Schedule B, although they submitted the form with their paper filed return.

Due to a systemic error, when processing paper filed Forms 941 Schedule B, we didn't properly capture the information from the Record of Federal Tax Liability. If you properly submitted Schedule B with your paper filed Form 941, and you or your client received the CP207, 207L or 276A dated 3/9/09, you do not need to resubmit the schedule. We have implemented corrective actions to systemically resolve the accounts.

If you encounter problems with customer service, you may reference SERP Alert # 090144. We apologize for the inconvenience.
